

RICK WEST

Defending the 2nd Amendment, the Right-to-Life and Traditional Family Values: A small-government conservative, Rick West is a member of the NRA and OK2A, a passionate defender of the right-to-life and a supporter of traditional family values.

No New Taxes and Reforming Government: Rick West is a proven opponent of bigger government and higher taxes. As State Representative, even while under heavy pressure from special interest groups, he voted against new taxes. He insisted that government should fund its needs with existing revenues instead of increasing taxes. Not content to just say "No!" to new taxes, Rick led a prominent legislative hearing on exposing state government's wasteful and inefficient spending practices.

Defender of Rural Property Rights: Rick supports the rights of rural property owners and has been outspoken in his opposition to new rural zoning and intrusion upon rural property owners.

Making a Point and Saving Lives: Oklahoma legislators are getting a 35% raise. This makes Oklahoma legislators some of the highest paid in the nation. Rick West knows it is wrong for legislators to receive this much money. **Rick will refuse to accept the 35% raise; he will donate the money** to District 3 area charities including pro-life organizations that provide support to abortion-minded expectant mothers and gives them resources to choose life for their babies. Rick will continue to make this donation until his Constitutional Amendment to **cap legislative pay at current, pre-raise levels** is approved.

Living in LeFlore County for 40 years, I know firsthand the problems that face the people in District 3. You can be confident knowing that I will once again work hard for each and every person in our district.

America risks descent into anarchy: The violent, left-wing, mob decapitates statues, declares autonomy from the United States, cancels classic movies, tv shows and anyone who dares disagree with them.

Worse, their agenda includes the destruction of the nuclear family and attacks on religious freedom. They promote lawlessness of "defunding the police" while demonizing what is good and honorable

Let's send a message to all members of the woke, left-wing rage mob by electing Republican Rick West.

He has the wisdom to see through their woke, nonsense agenda and he will not vote for their bills.

Rick West isn't afraid to speak out, even if it means he is the next to be "*canceled*." And, even when attacked, **he will never apologize or kneel before the mob!**

Rick West is a true leader who will **always defend those brave members of law enforcement** who each day are putting their lives and reputations on the line to defend us.

Restoring Local Control of Education:

Republican Rick West strongly opposes legislative attempts to place mandates on our local school districts.

Not Taking Lobbyist Money and Gifts:

As a past State Representative, Rick West saw the influence of Oklahoma City lobbyists and special interests in the legislative process.

Rick is not content to just point out his observations of this inappropriate influence, but he's decided to live by example and to not accept contributions or personal gifts from lobbyists or the organizations that hire them. He is rejecting the thousands in lobbyist contributions that are normally provided to the Republican nominee.

Letting the People Know What Is Going On: When Rick West served as our representative, he wrote weekly articles that informed the people about what was occurring in Oklahoma City.

From rural health care policy, to the liberals' attacks on our Second Amendment rights, the voters of House District Three need to be kept informed. If Rick is once again elected, this important level of communication will return to House District Three and LeFlore County.

*Paid: Rick West for State Representative 2020
